INSIGNIFICANT DOWN-TIME

Smooth skin. Firm contours. Glowing radiance. All in a lunchtime treatment.

Over time, the effects of aging and sun exposure can take their toll as visual imperfections begin to appear.

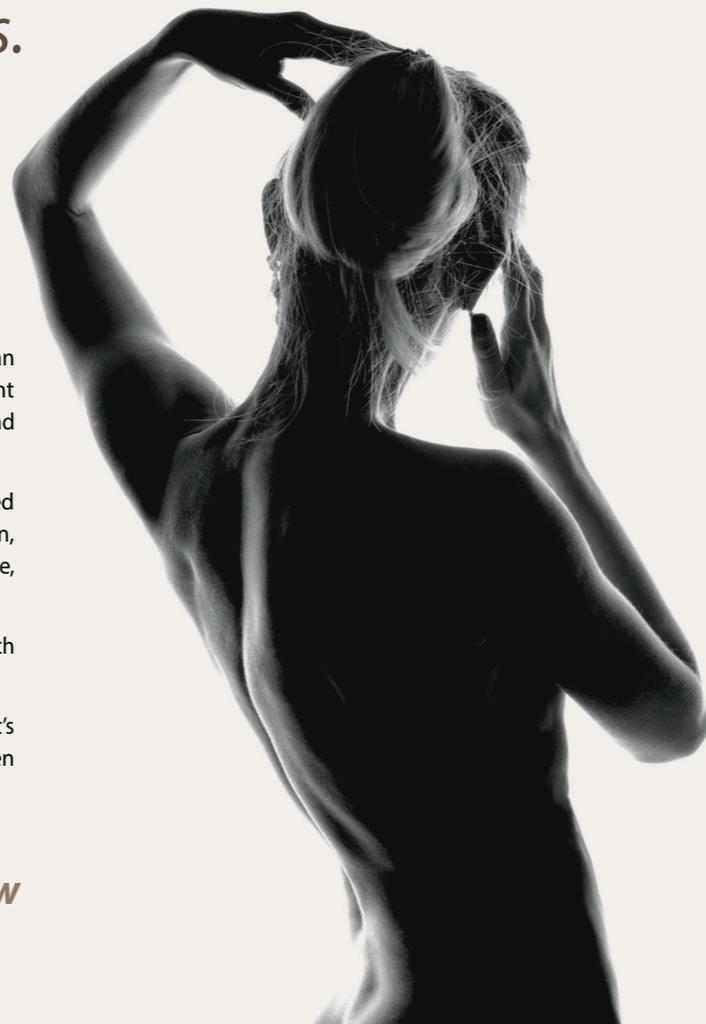

The feeling of fresh, youthful skin doesn't have to escape forever. Now you can turn back the clock- quickly, comfortably and without surgery with Accent Prime, a non-invasive, state-of-the-art solution for face & body contouring and aesthetic enhancement.

Using the power of combined technologies, Accent Prime offers customized treatments for facial and body contouring, skin tightening, cellulite reduction, skin rejuvenation that reveal your natural beauty contours- with visible, reliable, lasting results.

Accent Prime offers a pioneering device of an extra-large applicator plate, which significantly reduces treatment time to approximately 20 min.

Multiple clinical studies and thousands of satisfied patients have proven Accent's safety and effectiveness in tightening loose skin, promoting healthy collagen production and toning the body's shape.

Accentuate your natural beauty and renew your confidence with Accent Prime.

The Treatments

Face & Body Contouring

Accent Prime's Face & Body contouring treatments effectively reduce adipose tissue volume, reduce the appearance of cellulite, tighten loose skin and visibly improve the shape and contours of the face and body.

A combination of ultrasound and RF technologies achieves superior results, giving you a naturally sculpted appearance without the pain and downtime of more invasive procedures. Look thinner, feel better and reveal the beauty of your natural contours.

Cellulite

The dimpled, lumpy skin associated with cellulite is a challenging concern that plagues many women today. Numerous remedies are available, but ultimately, most are ineffective.

Accent Prime offers a clinically-proven solution that effectively reduces the appearance of cellulite.

Skin Tightening

Over time, the smooth texture and volume of youthful skin give way to signs of aging such as fine lines, wrinkles and loose skin.

Accent Prime uses high RF energy to lift and tighten mature skin of the face and body, enhancing your natural beauty and revealing smoother, younger, healthier-looking skin.

Skin Rejuvenation

As we age, the tone and texture of our skin changes.

Accent Prime uses microplasma RF technology to smooth out and balance the skin- improving overall skin tone and texture, improving the appearance of stretch marks and helping to bolster the skin against future aging.
